

## **GREAT OPPORTUNITIES FOR BUSINESS AFFILIATES!**

The Massachusetts Camping Association (MCA) represents over 1200 Massachusetts summer camps that are licensed by the Department of Public Health annually. An elected volunteer Board of Directors governs MCA. We have a growing membership that pays a fee to support the efforts of our association.

MCA is the LEADING VOICE in legislative and regulatory issues that may effect the operation of Massachusetts Camps.

We are “STRONGER TOGETHER”! Our goal is to increase our support from Business Affiliates so we can increase our member camps and strengthen our efforts to serve as an educational and collaborative resource for organized youth camps in the Commonwealth of Massachusetts.

MCA works closely with the American Camp Association-New England but is an independent organization dedicated to protecting the integrity and viability of organized camping to the hundreds of thousands of youth served in Massachusetts.

### **BENEFITS**
