Extension of the Summer Season for Recreational Camps for Children

CONTACTS: Steven F. Hughes, Director (617) 624-5757, or
David T. Williams, Senior Analyst (781) 774-6612

DATE: August 3, 2020

Commissioner Jeffrey C. Riley of the Massachusetts Department of Elementary and Secondary Education (DESE) recently announced that school districts may delay school openings up to September 16th for the 2020-2021 school year to provide additional time to prepare for the reopening of schools.

In accordance with the June 1st through September 30th summer operational period for licensed recreational camps for children, the Department of Public Health advises camp operators licensed in 2020 to communicate with their local licensing entity (Board of Health/Health Department) regarding the possible extension of recreational camp operations during August and September.
