

The Massachusetts Camp Association is the leading voice for camps at the state level in Massachusetts. Our work enables over 250,000 youth to participate in life changing opportunities each summer at over 1400 summer camps in the Commonwealth.

Throughout the pandemic, many camps were not able to open and unfortunately some never reopen again. The MCA is taking a large and active role in advocating for practices that will enable camps to operate next summer and we need your support to help keep this healthy and rewarding opportunity for kids available for the future. We are “Stronger Together” and our goal is to increase the support from Businesses Affiliates to increase our efforts legislatively for our Camps. Here is how you can help!
